## 1 *EURSvalidator* Components

To work with *EURSvalidator* you will need the following components:

- ➔ *EURSvalidator* Application
- ➔ PDF Viewer Application

### **System Environment:**

*EURSvalidator* must be installed in a Microsoft Windows environment.

## 2 *EURSvalidator* Application Installed in a Desktop Environment

### 2.1 Hardware Requirements

#### 2.1.1 Base Hardware

| Hardware Component   | Minimum Requirement             | Recommended                     |
|--|---------------------------------|---------------------------------|
| CPU  | 1 GHz                           | > 3 GHz (more is better)        |
| Memory   | 512 MB                          | 1 GB (more is better)           |
| Video  | VGA 1024 x 768                  | VGA 1400 x 1050 or higher       |
| Free Hard Disk space for <i>EURSvalidator</i> installation | 100 MB for <i>EURSvalidator</i> | 100 MB for <i>EURSvalidator</i> |

**2.2 Software Requirements**

**2.2.1 Base Software**

| Software Component       | Supported  | Minimum Requirement                   | Recommended  |
|--------------------------|--|---------------------------------------|--|
| Operating System         | Windows XP SP2<br>Windows Server 2003<br>Windows Server 2008<br>Windows Vista<br>Windows 7 | Microsoft Windows XP Professional SP2 | Microsoft Windows XP Professional SP2<br>Windows 7 |
| Microsoft .NET Framework | V3.5   | V3.5                                  | V3.5   |

**2.2.2 Other third party software**

| Software Component | Version  | Description                        | Included in EURSvalidator installation |
|--------------------|----------|------------------------------------|--|
| Acrobat Reader     | any      | PDF Viewer Application for reports | No                                     |
| FOP                | 0.94     | Report generation                  | Yes                                    |
| iTextSharp         | 4.1.2    | PDF library                        | Yes                                    |
| Log4Net            | 1.2.10.0 | Logging for Notification Service   | Yes                                    |
